Kathy and Jeremy,

I hope this e-mail finds you both well.

Attached is a document. In this document are screenshots of the history of certain e-mails in our FirstClass system. These e-mails are of a sensitive nature. I find it disturbing that these e-mails have been forwarded outside of the district control. I would like a copy of these forwards so I can see to whom they are being sent. Either electronic or paper copy is fine, whatever is easiest for the office.

Thank you in advance for your cooperation and hard work,

Rich Flanagan
