## **Attendance**

Regular attendance hours are 8:35am-3:35pm, Monday, Tuesday, Thursday and Friday. On Wednesdays students will attend school from 8:35-2:50. Students should be inside Lincoln only during regular hours or during school-sponsored activities.

In the morning, all students will enter the building at 8:25 am and go to their designated floors where they will be supervised by paraprofessional staff. Students who walk to school or are dropped off at school should not arrive before **8:25 am**. Once arriving at school, students must remain on school grounds.

All students should be out of the building by 3:45 pm unless they are with a teacher. After leaving the building, students may not re-enter unless accompanied by an adult. Students taking the bus home should remain in the bus boarding area. Once a student leaves school property after school, s/he may not return to take the bus. Students who are walking home should not loiter around the school. To participate in extracurricular activities or attend dances, etc., a child must be in school for three hours.

## **Tardy/Late Arrival**

A student is TARDY if s/he arrives late to school unexcused and is not in their home-base by 8:40. If the student is tardy s/he must report to the office to receive a pass before going to their locker or class. Additionally, an after school detention will be assigned upon the third (and each additional) tardy of each trimester. Any student that is on time to school but tardy/late to their classes will be subject to the grade level discipline procedures.

A student is a LATE ARRIVAL if s/he arrives late to school but has a parent/guardian excuse. S/he must report to the office to receive a pass before s/he goes to a locker or a class. An after-school detention will not be assigned however; the student is still responsible for making up missing work.

## **Absences**

Regular and prompt attendance at school is extremely important and required by state law. At Lincoln we ask that everyone make a personal commitment to be in school each day. However, we understand that things happen. If you are ill you should not be in school. If you are going to be absent, your parent/guardian must telephone the school before 8:30 am each day of the absence. The school telephone number is (847) 678-2916.

You are considered absent any time that you are not in school. The school reserves the right to determine whether or not an absence is excused or unexcused. A partial absence will be recorded if you arrive at school later than the start of second period. If you are absent for at least five (5) consecutive days, a doctor's written release is required before you are allowed to return to school.

**REGULAR ATTENDANCE:** Success in school requires regular attendance. All children are expected to attend regularly, unless they are ill or important family matters arise.

**TRUANCY:** District 81, recognizes the impact of regular school attendance on educational performance. It is also important that the students have a good start to the school day by arriving on-time. To that end, the district has a truancy officer to monitor student attendance. The truancy process is begun when a student has been absent or tardy for more than 5% of school days. School staff will work with families to help students and families with these issues. However, if these efforts are not successful, the truancy officer may involve the police who may issue fines, or the matter may be referred to truancy court. For more information regarding truancy, contact the Building Principal. If students have 5% unexcused absences, they may not be eligible to participate in the graduation ceremony of their 8th grade year.

## Truancy

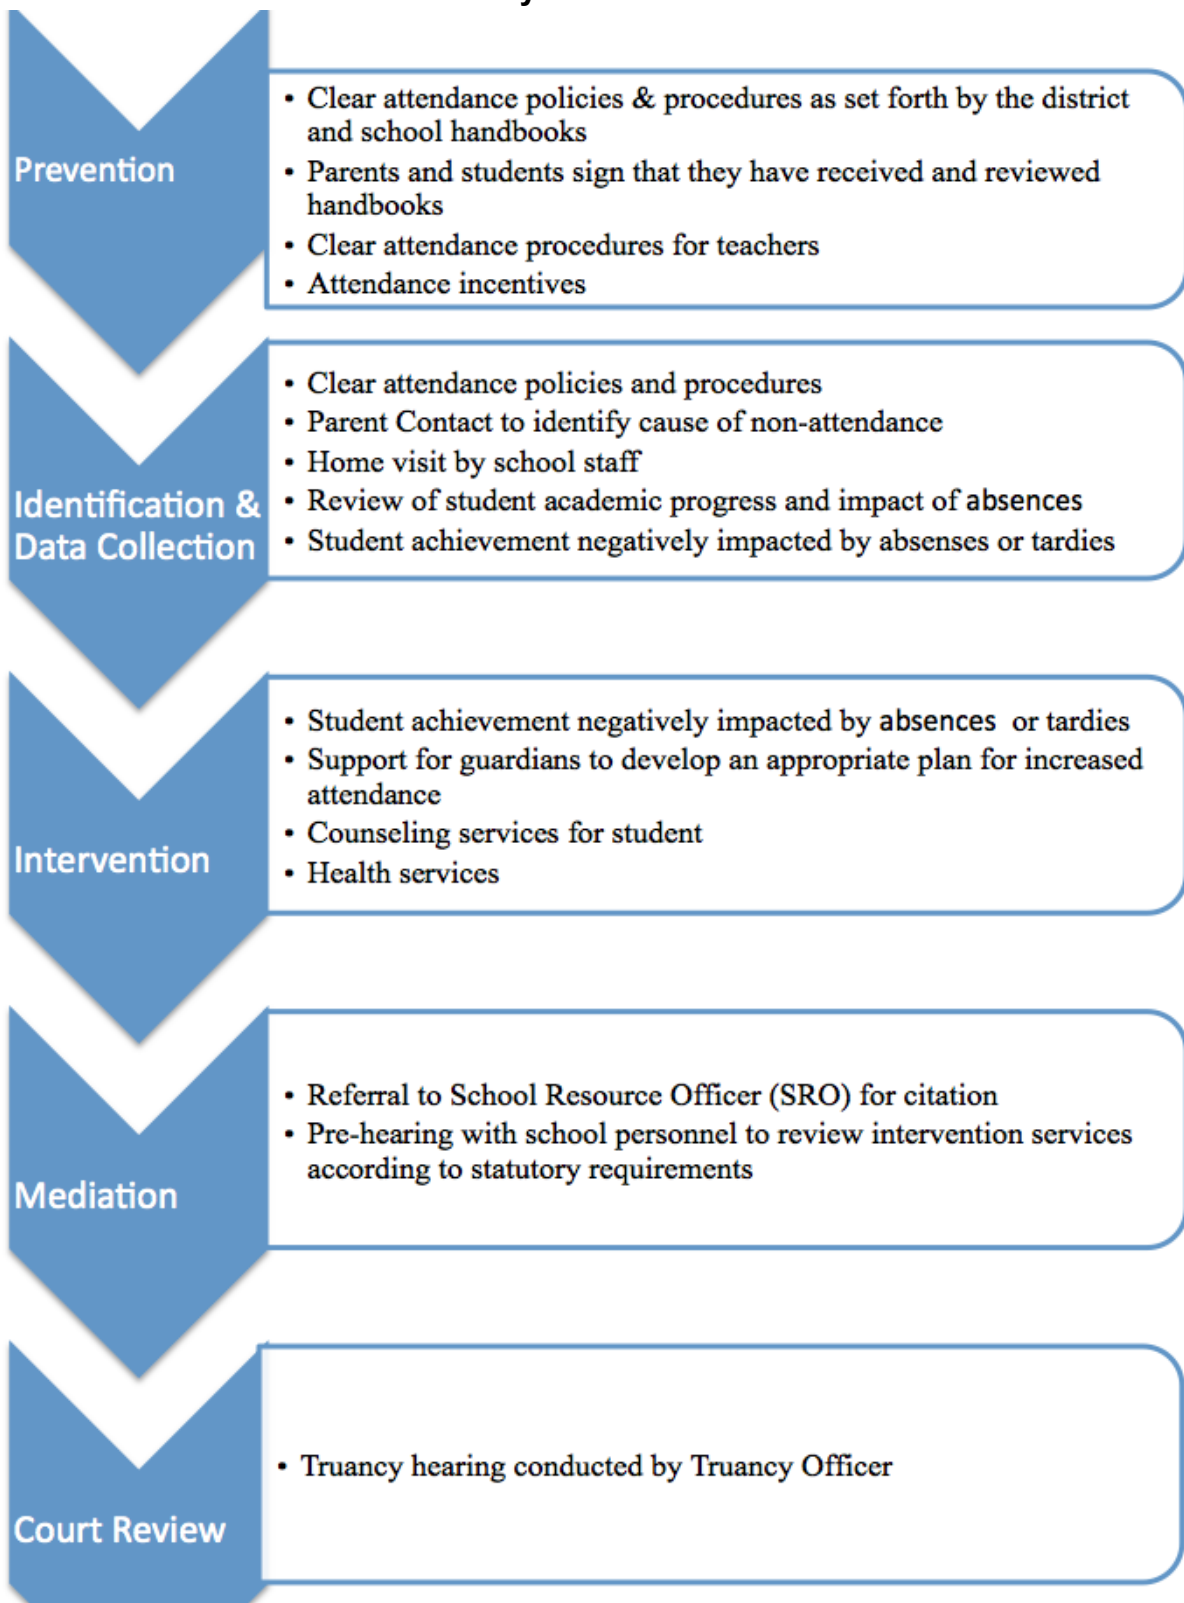

### Definition:

1. The School Code of Illinois (105ILCS5, Illinois Revised Statute), Section 26-1 provides that any child between the ages of seven (7) years and sixteen (16) years shall attend school in the district where the child resides, with the exception of those attending a private or parochial school.
2. A “truant” is defined in Section 26-2a as a child subject to compulsory school attendance, who is absent without a valid cause from attendance for a school day or portion thereof.
3. A “chronic truant” is defined in Section 26-2a as a child subject to compulsory school attendance who is absent without a valid cause from attendance for 5% (9 days) or more of the previous 180 regular attendance days.
4. Note: The determination of excused vs. unexcused absences is the responsibility of the school. The school may decide, based upon a Parent/Guardian’s calls to school, whether the absence is excused or unexcused. After numerous call-ins from specific Parents/Guardian’s, the school may decide to require a doctor’s note to excuse future absences.

A child absent from compulsory school attendance without valid cause will be considered truant. A truancy letter will be sent home from the school to notify parents of excessive absences. Habitual truants are subject to legal action consistent with state law.

In the event that your child will have an unexpected, prolonged absence, please notify the building administrator.

# Learning Commitment

## Field Trips

Throughout the year, day and overnight field trips will be planned by teachers to offer learning experiences, which complement class studies. You are encouraged to attend all field trips because they demonstrate your commitment to learning. However, if your parent/guardian chooses not to allow your participation you will still be required to be at school.

On the field trip you are expected to follow all school rules and rules of the facility you are visiting. In addition, we ask that you follow the directions of staff, chaperones and facility personnel. You represent Lincoln School at all times. Be a positive representative! If you demonstrate a pattern for making poor choices and your behavior becomes a concern you may be excluded from a field trip. You may also be excluded from a field trip if you present a potential danger to yourself or others. Also, any monies paid by the student or their guardian for the field trip may not be refundable.

## Homework Assignments

Homework assignments are given regularly by individual teachers/teams and are an important part of your learning. Your parents/guardians should monitor your homework progress to ensure that the work is completed, but you are responsible for completing the work. Students are expected to complete homework as assigned. If homework is not completed and has a negative impact on achievement, the teacher, student, and parent will develop a plan to help the student meet their educational expectations.

Students that need additional time to work on homework assignments, including those students who choose to correct their work for a better grade, will have a 1 week window to complete the assignment.

## IPAD USAGE

Students will be able to access their assignments by taking their iPad home or by using the Internet at home. Paper copies are available upon request.

Students should leave their school issued iPad charger at home. If a student chooses to bring their charger to school and it is lost or stolen, the student is financially responsible for the replacement. Students should arrive at school with their iPad charged to 100%. In the event a student comes to school with their iPad uncharged, they will rent a charger from the office. The student will be required to leave their student ID and will be charged a \$3.00 rental fee.

## HEADPHONES

**No bluetooth enabled listening device (ex: AirPods) will be allowed in School.** To ensure our students are on task and using their electronic devices appropriately, they will only be allowed to use plug-in earbuds or headphones. Plug-in earbuds or headphones will be required for all classes. The use of the plug-in earbuds/headphones is at the discretion of the classroom teachers. Students should never wear earbuds/headphones while walking throughout the building. If students do not bring a pair of plug-in headphones, they will be required to purchase a pair for \$3.00 from the main office.

**If a student brings and/or uses bluetooth enabled listening device the following will occur;**

1st offense: Teacher warning and will ask students to put them in their lockers.

2nd offense: Teacher will confiscate headphones and return to student at the end of the day.

3rd offense: Bluetooth device given to the office for the student to pick-up and parents informed..

### **Volunteering**

We encourage parents/guardians to volunteer their time to enrich both learning and the school community. Volunteering may include coming into the classroom to work with students, help with special projects or chaperoning a field trip. It is of utmost importance that observations and experiences stay within the confines of the classroom. If questions or concerns arise, volunteers are directed to speak with the classroom teacher or building administrator.

**Procedures for Head Lice:** If a student is found to have live lice, parents will be called to pick up the student for treatment. When they return they will be checked by the nurse. Some nits may be present after treatment but all nits need to be removed. Treatment kills live lice right away. The eggs or nits of lice hatch in 10 to 14 days and the cycle may repeat itself every 3 weeks. Lice are found around the ears, base of the neck, or any area of the scalp. Children often complain of an itchy scalp. Transmission only occurs by direct contact with clothing, hats, hoods, scarves, bed linens or hair accessories. Treatment includes; washing clothes, sheets and vacuuming carpets on the same day of the shampoo treatment and all household members and siblings should be checked. Siblings will be checked in school. Classrooms will be checked when cases are found and a notification letter will be sent home. Head lice is a nuisance but cannot spread disease. Middle school students are required to have a current sports physical on file **before** trying-out or participating in interscholastic sports.

Sports physicals are good for 13 months and must be completed by a physician or ANP and include a parent portion and signature.

The 6th grade physical on the Illinois Child Health Certificate form does cover the sports physicals requirement for that year. Although Sports physicals are not accepted for 6th grade school physical.

### **Guidelines for Flu:**

Influenza or "flu season" typically runs from October through May.

Influenza is primarily a respiratory virus. Keep your child home for rest and medications and when he/she has any of these symptoms for 48 hours or 2 days after the flu.

Symptoms of the flu are:

- Severe upper chest or head cold or a stomach-ache or diarrhea
- Fever greater than 100 degrees, chills, headache, sore throat
- Feeling tired, pain, weakness or muscle aches
- Frequent cough, congested or a croupy cough
- Increase nasal discharge with frequent nose blowing

To help prevent the flu and colds from spreading, teach your children good hygiene habits;

- Wash hands frequently
- Do not touch eyes, nose or mouth
- Cover mouth and nose when sneezing or coughing
- Avoid close contact with people who are sick or when you have a cold
- Keep your child well hydrated and continue with good nutrition to fight off the virus

Often when a child awakens with vague complaints (the way colds and flu begin) it is wise to observe your child at home before deciding whether to attend school.

Hand washing is your best defense from getting ill with a cold or stomach bug. 6/2023

# Unacceptable Behaviors

Our goal is to provide and maintain a safe, positive, and appropriate learning environment where everyone is encouraged to learn. If your behavior conflicts with this goal we will help you make more appropriate decisions. Every member of our community is expected to be responsible for his/her actions, which may include consequences for poor choices. In our learning environment the following behaviors are not accepted:

## 1. Tobacco/alcohol/drugs/Vapes - Use or Possession

At Lincoln Middle School, we feel that your health and safety is crucial to your growth and development. We believe that the use of or possession of alcohol, vape devices, tobacco or other drugs is not only illegal, but also is extremely harmful to your mind and body. We feel that by keeping our mind and body healthy and free of alcohol, tobacco and other drugs and by holding one another accountable for unhealthy actions, we can better our learning environment.

If you do find yourself pressured into the use or experimentation with vape devices, tobacco, alcohol, or other drugs, or if you know someone who is experimenting with these drugs, we have caring and trained professionals that can help. Since the effects of alcohol, vape devices, tobacco, and other drugs are very harmful to your health, the health of others around you, and our school environment, the School Board has set a policy regarding illegal substances and paraphernalia to protect all of us.

According to School Board Policy 7:190

Disciplinary action may be taken against any student guilty of gross disobedience or misconduct, including, but not limited to, the following:

- ❑ Using, possessing, distributing, purchasing, or selling tobacco materials.

- ❑ Using, possessing, distributing, purchasing, or selling illegal or impairing drugs or controlled substances, look-alike drugs and drug paraphernalia. Students who are under the influence are not permitted to attend school or school functions, and will be treated as possessing drugs.

2. **Bullying** - an aggressive or unwanted behavior, used again and again to isolate, harm, or control another person. Students who engage in bullying behavior including hazing, harassment, coercion, intimidation, or menacing will be subject to discipline. Students are responsible for reporting any bullying experienced or witnessed.
3. **Physical contact of a provoking nature** - Any type of unwanted or unexpected contact with a student or with student possession will be considered provoking. Play fighting and wrestling will be treated as real fighting.
4. **Verbal violence or disrespect** - (also known as harassment) directed towards anyone including any volatile, threatening, and/or hurtful language will not be tolerated.

## **Discipline**

This Discipline Handbook contains rules in addition to those in the District Handbook, specifically Board Policy 7:190. All rules and expectations contained in 7:190 are in effect.

School personnel are allowed to interview students without a parent/guardian present during the interview because school personnel stand 'in loco parentis' or 'in the place of the parent' at all times when students are at school. The doctrine of 'in loco parentis' is set forth specifically in the Illinois School Code. 105 ILCS 5/24-24. The doctrine of 'in loco parentis' also allows school personnel to ask students to show them their cell phones, etc. Just as a parent/guardian can ask to see their child's cell phone, school personnel can make the same request for purposes of maintaining student safety and a safe school environment.

**\*\*Refer specifically to Board Policy 7:190 in the District Handbook, as 7:190 supersedes Lincoln's Handbook.**

**\*\*\*Interventions may differ for students with IEPs.**

## **In-School Suspension**

If you have been issued an in-school suspension you have demonstrated inappropriate behavior and an unwillingness to modify the behavior(s). Your parent(s)/guardian(s) will be contacted. Suspensions become a part of your permanent school record. It is our hope that you will work with your teachers, school counselors, and administrators to remedy the behaviors that are conflicting with your learning. Your work is to be made up and turned into the appropriate teacher upon your return to the classroom. All tests, projects, etc. will be due in accordance with teacher expectations. If you are in-school suspended your attendance to any school day or extracurricular school functions will be at the school administrator's discretion. This includes dances, sporting events, field trips, and/or activities.

## **Out-of-School Suspension**

An out-of-school suspension is removal from school. Your parent(s)/guardian(s) will be contacted. You will not be allowed on the school grounds for any activity. You will be held accountable for all assignments and your parent/guardian is to arrange for your work by contacting the school office. Your work is to be made up and turned into the appropriate teacher upon your return to school. All tests, projects, etc. will be due in accordance with teacher expectations. If you are out-of-school suspended, you are not allowed to attend any extracurricular school functions. This includes dances, sporting events, field trips, and/or activities.

## **Expulsion Policy**

Behavior that results in you or any other person at school who is at risk of physical or emotional harm may result in a recommendation to the Board of Education for expulsion from school. Expulsion is the removal, by the Board of Education, of a student from school and all school events for longer than 10 days. If you are expelled from school, you are not allowed to attend any extracurricular school functions. This includes dances, sporting events, field trips, and/or activities.

## **Extended Day Detention**

An Extended Day Detention is one that is served on a day when students have an Early Release. A student receiving an Extended Day Detention will stay at school from 11:40 A.M. until 3:30 P.M. on a half day of school. A student will stay at school from 2:50-4:30 on Wednesday early release days.

## **Detention**

A detention is to be served with the issuing teacher at the established time or with the school office if so assigned. Failure to serve this detention will result in a parent/guardian phone call and the issuance of another detention.

## **Student Due Process**

All students faced with disciplinary consequences have the right to due process. Due process includes the notification of the student and parent/guardian of the infraction and consequences and the opportunity for you and your parent/guardian to have a hearing.

- Computers, printers, and other technology is only for school approved work/projects **not** to play games on the Internet
- Students must have permission to use the technology after school.

At Lincoln Middle School, teachers and students work together to support our school values of safety, respect, and learning. In some situations more formal interventions are required to help students assume accountability for their actions. The following level system describes those interventions as they relate to computer and technology use.

Criteria	Recommended Intervention
<p><b><u>Level 1</u></b></p> <ul style="list-style-type: none"> <li>▪ Activities that result in the wasteful use of resources, such as file space, paper, toner, etc.</li> <li>▪ Using technology to play games or other activities that are not directly related to education.</li> </ul>	<ul style="list-style-type: none"> <li>▪ Meeting with teacher</li> <li>▪ Administrator Contact</li> <li>▪ Parent Contact</li> <li>▪ Detention</li> <li>▪ Suspension of user privilege</li> </ul>

**Instruction****Exhibit - Keeping Yourself and Your Kids Safe On Social Networks**

For students:

- Put everything behind password protected walls, where only friends can see.
- Protect your password and make sure you really know who someone is before you allow them onto your friend's list.
- Blur or morph your photos a bit so they won't be abused by cyberbullies or predators.
- Don't post anything your parents, principal or a predator couldn't see.
- What you post online stays online - forever!!!! So ThinkB4UClick!
- Don't do or say anything online you wouldn't say offline.
- Protect your privacy and your friends' privacy too...get their okay before posting something about them or their pics online.
- Check what your friends are posting/saying about you. Even if you are careful, they may not be and may be putting you at risk.
- That cute 14-year old boy may not be cute, may not be 14 and may not be a boy! You never know!
- And, unless you're prepared to attach your blog to your college/job/internship/scholarship or sports team application...don't post it publicly!
- Stop, Block and Tell! (don't respond to any cyberbullying message, block the person sending it to you and tell a trusted adult).
- R-E-S-P-E-C-T! (use good netiquette and respect the feelings and bandwidth of others).
- Keep personal information private (the more information someone has about you, the more easily they can bully you).
- Google yourself! (conduct frequent searches for your own personal information online and set alerts ... to spot cyberbullying early).
- Take 5! (walk away from the computer for 5 minutes when something upsets you, so you don't do something you will later regret).

And for parents:

- Talk to your kids - ask questions (and then confirm to make sure they are telling you the truth!)
- Ask to see their profile page (for the first time)...tomorrow! (It gives them a chance to remove everything that isn't appropriate or safe...and it becomes a way to teach them what not to post instead of being a gotcha moment! Think of it as the loud announcement before walking downstairs to a teen party you're hosting.)
- Don't panic...there are ways of keeping your kids safe online. It's easier than you think!
- Be involved and work with others in your community. (Think about joining WiredSafety.org and help create a local cyber-neighborhood watch program in your community.)
- Remember what you did that your parents would have killed you had they known, when you were fifteen.
- This too will pass! Most kids really do use social networks just to communicate with their friends. Take a breath, gather your thoughts and get help when you need it. (You can reach out to WiredSafety.org.)
- It's not an invasion of their privacy if strangers can see it. There is a difference between reading their paper diary that is tucked away in their sock drawer...and reading their blog. One is between them and the paper it's written on; the other between them and 700 million people online!
- Don't believe everything you read online - especially if your teen posts it on her blog!

**RE: Children's Online Privacy Protection Act**

**Dear Parent(s)/Guardian(s):**

**This letter is being sent as part of the District's continuing effort to educate parents and students about privacy protection and Internet use.**

**The Children's Online Privacy Protection Act gives parents control over what information websites can collect from their children. Many companies, however, are not providing information about what data a mobile app collects, who will have access to that data, and how it will be used. Allowing your child access to games and other seemingly harmless applications on a smartphone or computer risks his or her exposure to intrusive marketing and access to personal information.**

**A recent survey of apps for children by the Federal Trade Commission found that 10 percent of apps with social networking services did not disclose their presence; 17 percent of the apps allowed children to make purchases without parent/guardian consent; and 58 percent contained constant advertising, while less than 20 percent disclosed that advertising would appear.**

**The following suggestions may help keep children from being bombarded by unwanted advertising, from making unwanted purchases and from disclosing personal information and location:**

- Be choosy about the applications that you let your child use. Try the app yourself to check for advertising messages and/or social networking and purchase options before allowing your child access.
- Select activities that do not require access to the Internet or an application, such as looking at family pictures or listening to preselected music, screened and approved by you.
- Make certain that the ability to make purchases is password protected.
- Set up family rules and consequences explaining that all purchases made via a smartphone or computer must have parent/guardian consent.
- Caution children about the use of social networking and other sites and/or apps that can pinpoint locations.
- Monitor computer and smartphone use whenever and wherever possible.

**Letter to Parents/Guardians Regarding the Right to Privacy in the School Setting Act**

Re: Access to Student Social Networking Passwords and Websites for Violations of School Rules or Procedures

Dear Parent(s)/Guardian(s):

If your child has an account on a *social networking website*, e.g., Facebook, Instagram, Twitter, ask.fm, etc., please be aware that State law requires school authorities to notify you that your child may be asked to provide his or her password for these accounts to school officials in certain circumstances. *Social networking website* means an Internet-based service that allows students to: (1) construct a public or semi-public profile within a bounded system created by the service; (2) create a list of other users with whom they share a connection within the system; and (3) view and navigate their list of connections and those made by others within the system.

School authorities may require a student or his or her parent/guardian to provide a password or other related account information in order to gain access to his/her account or profile on a social networking website if school authorities have reasonable cause to believe that a student's account on a social networking website contains evidence that a student has violated a school disciplinary rule or procedure.

Please contact the school if you have any questions.

Sincerely,

Building Principal

Exhibit - Memo to Parents/Guardians Regarding Bullying and School Violence

Date

Re: Bullying

Dear Parents/Guardians:

At our school, bullying of any kind, by any person, is unacceptable. All students should be free from worries about being bullied. Students who bully others must be taught other, appropriate ways of interacting with peers. The purpose of this letter is to provide you with information concerning the School District's anti-bullying program and to encourage you to help us identify students who are being bullied.

The School Board policy on bullying begins with this goals statement:

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors is an important District goal.

Bullying is defined as follows:

Bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student in reasonable fear of harm to the student's person or property.
2. Causing a substantially detrimental effect on the student's physical or mental health.
3. Substantially interfering with the student's academic performance.
4. Substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying, intimidation, and/or harassment may take various forms, including without limitation: threats, stalking, physical violence, sexual harassment, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.

I asked our school staff members to respond immediately and with compassion to a student who reports bullying or school violence. After evaluating the situation to determine if an immediate referral to my office is needed, a staff member will give the student our form for reporting bullying, 7:180-AP1, E5, *Report Form for Bullying and School Violence*. I will inform you whenever your child is involved in a bullying report.

I also asked our staff members for their feedback and concerns specifically regarding locations that may be bullying *hot spots* needing additional supervision or monitoring or if there are any known bullies or targets of

bullying in our building. I want to ask you to do the same thing. Please inform me if you know of any bullying *hot spots* in or around our school, or if you are aware of a known bully or target of bullying.

Finally, I requested our staff members to intervene immediately to stop a bullying incident. They will immediately contact building security and or law enforcement if the incident involves a weapon or other illegal activity.

Below are some of the signs that a young person is being bullied:

- Does not want to go to school and refuses to explain the reason
- Talks about not having any friends
- Has unexplained bruises, cuts, scratches, or abrasions
- Has unexplained damage to clothing, possessions, books, etc.
- Frequently loses money or possessions
- Loses interest in school and/or has declining grades
- Becomes withdrawn and/or has stress or depression symptoms

These signs do not necessarily mean your child is being bullied, but if present, ask your child whether he or she is being bullied.

Please let me know if you have any questions or concerns.

Sincerely,

Building Principal

Exhibit - Memo to Parents/Guardians Regarding Teen Dating Violence

Date

Re: Teen Dating Violence

Dear Parents/Guardians:

At our school, teen dating violence is unacceptable. We are committed to providing our students with a school environment where they can learn free from worries about school violence. The purpose of this letter is to inform you of School Board policy, 7:185, *Teen Dating Violence Prohibited*, which is a component of the District's anti-bullying program.

Research has shown that teen dating violence can form lifelong, unhealthy habits during young adults' formative years. Educating parents/guardians, students, and staff about teen dating violence can help us identify incidents of teen dating violence at school or school-related activities. The Board's policy states that *teen dating violence* occurs whenever a student uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

Students in grades 7 through 12 will receive age-appropriate instruction on teen dating violence including its warning signs and prevention. School staff will also receive training on handling the signs and incidents of teen dating violence. I have asked our school staff members to respond immediately and with compassion to a student who reports teen dating violence. After evaluating the situation to determine if an immediate referral to my office is needed, a staff member will give the student our form for reporting bullying, 7:180-AP1, E5, *Report Form for Bullying and School Violence*.

Finally, I have requested staff members to intervene immediately to stop incidents of teen dating violence occurring at school. They will proceed under our District's procedures for responding to incidences of bullying and school violence.

Below are some warning signs that your child may be involved in teen dating violence:

- Name-calling and *put-downs*. Does one individual in the relationship call the other person names? Does he or she use insults to put the other person down?
- Extreme Jealousy. Does one individual in the relationship act incredibly jealous when the other talks to peers? Does one person accuse the other of flirting even when it's innocent conversation?
- Making Excuses. Does one individual in the relationship make excuses for the other? Does he or she have to apologize for the other person's behavior?
- Canceling or changing plans. Does one individual cancel plans often, and at the last minute? Do the reasons make sense or sound untrue?
- Monitoring. Does one person call, text message, or check up on the other constantly? Does he or she demand to know the other person's plans or with whom the other person was with?

- Uncontrolled Anger. Have you seen one individual lose his or her temper? Does he or she throw things – or break things – when angry? Does one person in the relationship worry a lot about upsetting the other?
- Isolation. Has one individual in the relationship given up spending time with friends? Has that individual stopped doing activities that used to be important?
- Dramatic Changes. Have either of the individuals in the relationship had appearance changes? Has he or she lost or gained weight? Have his or her grades dropped? Does he or she seem depressed?
- Injuries. Does one person in the relationship have unexplained injuries, or does he or she give explanations that don't make sense?
- Quick Progression. Did the relationship get serious very quickly?

These signs do not necessarily mean that your child is involved in teen dating violence, but, if present, talk to your child about teen dating violence.

## Notice to Parents/Guardians Regarding Section 504 Rights

Date:

Dear Parent/Guardian:

Re: Section 504 Rights

The Rehabilitation Act of 1973, commonly referred to as *Section 504*, is a nondiscrimination statute enacted by the U.S. Congress. The Act's purpose is to: (1) protect the rights of individuals with disabilities in programs and activities that receive federal financial assistance from the U.S. Dept. of Education (ED), and (2) assure that disabled students have educational opportunities and benefits equal to those provided to non-disabled students. An eligible student under Section 504 is a student who: has a record of having, or is regarded as having, a *physical or mental impairment* which substantially limits a *major life activity* as defined by 34 C.F.R. §104.3. This notice describes the rights assured by Section 504 to those disabled students who do not qualify under IDEA. The intent of this notice is to keep you fully informed concerning decisions about your student and to inform you of your rights if you disagree with any decisions in reference to Section 504.

*Please keep this explanation for future reference.*

Parents/Guardians and/or students have the right to:

1. Be informed by the School District of your rights and procedural safeguards under Section 504 in an understandable language. 34 C.F.R. Parts 104 and 300. The purpose of this notice is to advise parents/guardians and/or students of these rights. 23 Ill.Admin.Code §§226.500, 510 and 610.
2. An appropriate education designed to meet a student's individual educational needs as adequately as the needs of non-disabled students are met. 34 C.F.R. §104.33.
3. Free educational services except for those fees that are imposed on non-disabled students or their parents/guardians. Insurers and similar third parties are not relieved from an otherwise valid obligation to provide or pay for services provided to a disabled student. 34 C.F.R. §§104.33 and 300.14; 23 Ill. Admin Code §22.240.
4. A placement in the least restrictive environment. 34 C.F.R. §104.34.
5. Facilities, services, and activities that are comparable to those provided for non-disabled students. 34 C.F.R. §104.34.
6. An evaluation prior to an initial Section 504 placement and any subsequent significant change in placement. 34 C.F.R. §104.34.
7. Testing and other evaluation procedures conforming to the requirements of 34 C.F.R. §104.35 as to validation, administration, areas of evaluation, etc. The District shall consider information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical conditions, social and cultural background, adaptive behavior, physical or medical reports, student grades, progress reports, parent/guardian observations, anecdotal reports and standardized test scores. 34 C.F.R. §104.35; 23 Ill. Admin. Code §226.110.
8. Placement decisions made by a group of persons, i.e., a Section 504 committee, including the parent(s)/guardian(s) persons knowledgeable about the student, the meaning of the evaluation data, the placement options and the legal requirements for the least restrictive environment and comparable facilities. 34 C.F.R. §§ 104.34 and 104.35.
9. Periodic reevaluations. 34 C.F.R. §104.35.

10. A notice prior to any action by the District in regard to the identification, evaluation, or placement of the student. 34 C.F.R. §104.36.
11. Examine relevant records. 34 C.F.R. §104.36.
12. An impartial due process hearing regarding the student's identification, evaluation or educational placement including an opportunity for parental participation in the hearing and representation by an attorney. 34 C.F.R. §104.36.

You must file a written *Parental Request for an Impartial Due Process Hearing* with the District Section 504 compliance coordinator or designee, if you disagree with the decision of the Section 504 committee. The request must be submitted to the District Section 504 compliance coordinator within 10 calendar days from the time you received the written notice of the District's Section 504 committee decision. The *Parental Request for an Impartial Due Process Hearing Officer*, is designed to assist parents in requesting an impartial due process hearing and is available online at:

[www.isbe.state.il.us/spec-ed/pdfs/dp\\_parental\\_19-86a.pdf](http://www.isbe.state.il.us/spec-ed/pdfs/dp_parental_19-86a.pdf).

The hearing will be scheduled before an impartial hearing officer and you will be notified in writing of the date, time, and place for the hearing. The hearing will conform to the requirements of 34 C.F.R. §300.512 and Section 14-8.02a of the School Code (105 ILCS 5/14-8.02a.). 34 C.F.R. §104.36; 23 Ill.Admin.Code §226.625. The impartial hearing officer shall issue a written decision, including findings of fact and conclusions of law, within 10 days after the conclusion of the hearing and send by certified mail a copy of the decision to the parents/guardians or student (if the student requests the hearing), the School District, the Director of Special Education, legal representatives of the parties, and the State Board of Education. 105 ILCS 5/14-8.02a(h).

13. A review by a court of competent jurisdiction of the impartial hearing officer's decision. 34 C.F.R. §104.36. Any appeal must be filed in a court of competent jurisdiction within 120 days after the impartial due process hearing officer's decision is mailed to the party. 105 ILCS 5/14-8.02a(i).
14. File a complaint with the District's Section 504 coordinator or designee concerning Section 504 matters other than your student's identification, evaluation and/or placement. The Section 504 coordinator or designee will investigate the allegations to the extent warranted by the nature of the complaint in an effort to reach a prompt and equitable resolution.
15. File a complaint with the Office of Civil Rights. The Illinois regional Office of Civil Rights is located in Chicago at:

**The Family Educational Rights and Privacy Act (FERPA) and the Illinois School Student Records Act afford parents/guardians and students 18 years of age and older (“eligible students”) certain rights with respect to the student’s school records. They are:**

**1. The right to inspect and copy the student’s education records upon request.**

Requests will be granted within 15 school days (but no later than 45 calendar days) after the District receives the request. The degree of access a student has to his or her records depends on the student’s age. Students younger than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have rights to access and copy both permanent and temporary records. Parents/guardians or students should submit to the Building Principal (or appropriate school official) a written request that identifies the records they wish to inspect. The Principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges \$0.35 per page for copying but no one will be denied their right to copies of their records due to inability to pay this cost.

These rights are not available to any person against whom an order of protection has been entered concerning a student, in accordance with 105 ILCS 5/10-22.3c and 10/5a, and 750 ILCS 60/214(b)(15).

**2. The right to request the amendment of the student’s education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.**

Parents/guardians or eligible students may ask the District to amend a record that they believe is inaccurate, irrelevant, or improper. They should write the Building Principal, clearly identify the record they want changed, and specify the reason.

When a challenge is made at the time the student’s records are being forwarded to another school to which the student is transferring, there is no right to challenge: (1) academic grades, or (2) references to expulsions or out-of-school suspensions.

If the District decides not to amend the record as requested by the parent/guardian or eligible student, the District will notify the parent/guardian or eligible student of the decision and advise him or her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

**3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA or the Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is:

- a person employed by the District as an administrator, supervisor, teacher, instructor, or support staff member (including health or medical staff and law enforcement unit personnel);
- a person serving on the School Board;
- a contractor or volunteer to whom the District has outsourced institutional services or functions that would otherwise be performed by school district employees, including a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, nurse, medical consultant, or therapist); or
- any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

Individual board members do not have a right to see student records merely by virtue of their office unless they have a current demonstrable educational or administrative interest in the student and seeing his or her records would be in furtherance of the interest.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

When a challenge is made at the time the student's records are being forwarded to another school to which the student is transferring, there is no right to challenge: (1) academic grades, or (2) references to expulsions or out-of-school suspensions.

Disclosure is also permitted without consent:

- To an employee or official of the State Board with current demonstrable educational or administrative interest in the student, in furtherance of such interest.
- To any person for the purpose of research, statistical reporting, or planning, provided that no student or parent/guardian can be identified.
- Pursuant to a court order.
- To juvenile authorities, when necessary for the discharge of their official duties, who request information prior to adjudication of the student and who certify in writing that the information will not be disclosed to any other party except as provided under law or order of court.
- Subject to regulations of the State Board, in connection with an emergency, to appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons.
- To a governmental agency, or social service agency contracted by a governmental agency, in furtherance of an investigation of a student's school attendance pursuant to the compulsory student attendance laws.
- To SHOCAP committee members who fall within the meaning of "state and local officials and authorities."
- To the Department of Healthcare and Family Services in furtherance of the requirements of Section 2-3.131, 3-14.29, 10-28, or 34-18.26 of the School Code or Section 10 of the School Breakfast and Lunch Program Act.
- To the State Board or another State government agency or between or among State government agencies in order to evaluate or audit federal and State programs or perform research and planning, consistent with FERPA.

In addition, disclosure is permitted to any person with the prior specific dated written consent of the parent designating the person to whom the records may be released. At the time any such consent is requested or obtained, the parent has the right to inspect and copy such records, to challenge their contents in accordance with Section 7 of the Illinois School Student Records Act, and to limit any such consent to designated records or designated portions of the information contained therein.

#### **4. The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

**5. The right to prohibit the release of directory information concerning the parent's/guardian's child.**

Throughout the school year, the District may release directory information regarding students, limited to:

- Name;
- Address;
- Gender;
- Grade level;
- Birth date and place;
- Parent(s)/guardian(s)' names, addresses, electronic mail addresses, and telephone numbers;
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs;
- Academic awards, degrees, and honors;
- Information in relation to school-sponsored activities, organizations, and athletics;
- Major field of study;
- Period of attendance in school.

***Any parent/guardian or eligible student may prohibit the release of any or all of the above directory information by delivering a written objection to the Building Principal within 30 days of the date of this notice. No directory information will be released within this time period, unless the parent/guardian or eligible student is specifically informed otherwise.***

No photograph highlighting individual faces is allowed for commercial purposes, including solicitation, advertising, promotion or fundraising without the prior, specific, dated and written consent of the parent or student, as applicable; and no image on a school security video recording shall be designated as directory information.

- 6. Dear Parents & Guardians,

Effective July 1, 2021, school districts will be required by the Student Online Personal Protection Act (SOPPA) to provide additional guarantees that student data is protected when collected by educational technology companies, and that data is used for beneficial purposes only (105 ILCS 85).

District 81 will annually post a list of all operators of online services/educational technology companies or applications used by the District, and the data elements that the school collects, maintains or discloses to any entity through Exhibit E agreements with online operators. These agreements can be found by visiting [www.sd81.org](http://www.sd81.org) and clicking on the SOPPA section on the homepage. In addition, District 81 will post data breaches within 10 days and notify parents of the breach within 30 days.

Parents and students have rights regarding SOPPA. Below is the process for how parents and students can exercise their rights to inspect, review and correct information maintained by the school, online operator/educational technology company, or the Illinois State Board of Education (ISBE):

- Requests will be granted within 15 school days (but no later than 45 calendar days) after the District receives the request. Parents/guardians should submit to the Building Principal (or appropriate school official) a written request that identifies the information that they would like to inspect, review or correct. *(The response may be extended by 5 business days if: (1) the records are stored in whole or part at other locations; (2) The request requires the collection of a substantial number of records; (3) The request is couched in categorical terms and requires an extensive search; (4) The requested records have not been located in the course of routine search (5) The request cannot be compiled without unduly burdening or interfering with the operations of the school district; or (6) There is a need for consultation with another public body or among school personnel.)* (105 ILCS 10/5(c)).
- The Principal will make arrangements for access and notify the parent/guardian of the time and place where the records may be inspected.

District 81 is committed to a high level of standard to protect student privacy and confidentiality. We will maintain transparency in our policies and procedures to support SOPPA.

Respectfully,

Dr. Kimberly Boryszewski, Superintendent of Schools
